Participating in a **Commuter benefit** is like receiving a 30% discount on mass transit and parking expenses.

How does a Commuter benefit work?

A Commuter benefit allows you to set aside pre-tax dollars for mass transit and parking expenses associated with your daily commute to work.

There are two types of Commuter accounts: mass transit and parking. You have the option to enroll in one or both accounts. You choose a monthly election amount for mass transit expenses and parking expenses up to the IRS limit. The money is placed in your account via payroll deduction and then used to pay for eligible commuting expenses.

Why should I enroll in a Commuter benefit?

If you take public transportation to work or pay for parking, you'll want to take advantage of the savings these plans offer. Money contributed to a Commuter benefit is free from federal and state taxes and remains tax-free when it is spent on eligible expenses. On average, participants enjoy a 30% tax savings on their annual contribution. This means you could be saving up to \$1,900+ per year on commuter expenses!

How do I use my Commuter benefit to pay for mass transit and parking expenses?

You can use your Pre-tax Forma Card to pay for commuting expenses, or vouchers can be used to pay for transit tickets, passes, or to pay parking vendors.
